

Jon Rhan

Jon Rhan is a Senior Product Marketing Manager for Vishay Intertechnology in the Tantalum Capacitor Division. He is a Senior Member of the IEEE, a graduate of Penn State University in electrical engineering and MBA post graduate. A former analog power IC designer with Sprague, now Allegro Microsystems, Delco Electronics, now Delphi, Cherry Semiconductor and Analog Devices, Jon has been in the field for over 20 years in various application engineering roles. As product manager for Vishay, he is responsible for all wet tantalum offerings. He is based in New Hampshire and works out of the Bennington Tansitor and Sanford Sprague sites.
