

Joseph Vattimo

Joe Vattimo is a Senior Product Marketing Manager for Vishay Intertechnology in the Tantalum Capacitor Division. He served in the U.S. Navy as an Aviation Electronics Technician, and then earned his Bachelor of Science in Electrical Engineering, magna cum laude, from the University of Memphis. Following college, Joe worked as a design engineer at the Naval Aviation Depot for 5 years and was then recruited to become an FAE one of the largest electronic component distributors in the world. After several years of successful performance in the FAE role he was promoted to Regional Technical Manager, where he spent the next 15 years of his career. Joe's passion for technology resulted in a managerial style which was came to be known of as that of an "individual contributor" manager. He remained actively engaged with his FAE team's customers to uncover their design challenges and present solutions tailored to meet their varying needs. As a Product Manager for Vishay, Joe is responsible for all aspects of the polymer capacitor product offering. He is based in Florida and works out of the Sanford Sprague site.
